The screenshot shows a web application interface with a red background. At the top, there is a header with "IRBNet ID: 98250-1" on the left and "USER PROFILE LOGOUT" on the right. Below the header, there is a navigation menu with several items. One item is circled in red. The bottom of the page has a blue footer with a navigation bar. A red arrow points from a text box to a specific element in the blue footer.

The default IRB highlighted is your home IRB.

IDDNet

The main content area of the slide is a screenshot of a corrupted web page. It features a light blue header with the text 'IDDNet' on the left and 'PROFILE LOGOUT' on the right. Below the header is a banner image with the word 'FIRST' and a photograph of several people in a meeting. The rest of the page is filled with a dense, multi-colored pattern of black and white characters, resembling a corrupted or glitched document. The colors used in the pattern include yellow, cyan, magenta, and black. The overall appearance is that of a severely damaged or corrupted digital document.
